| CHAPTER 17 | Reaction Kinetics                                     | 560 |
|------------|---|-----|
|            | 1 The Reaction Process                                | 561 |
|            | 2 Reaction Rate                                       | 568 |
|            | Chemistry in Action Explosives                        | 572 |
|            | Quick Lab Factors Influencing Reaction Rate           | 578 |
|            | Chemistry in Action Catalytic Converters              |     |
|            | Math Tutor Writing Rate Laws                          |     |
|            | Standardized Test Prep                                |     |
|            | <b>Experiment</b> Rate of a Chemical Reaction         | 586 |
| CHAPTER 18 | Chemical Equilibrium                                  | 588 |
|            | 1 The Nature of Chemical Equilibrium                  | 589 |
|            | 2 Shifting Equilibrium                                |     |
|            | 3 Equilibria of Acids, Bases, and Salts               | 605 |
|            | 4 Solubility Equilibrium                              | 613 |
|            | Historical Chemistry Fixing the Nitrogen Problem      | 596 |
|            | Cross-Disciplinary Connection Blood Buffers           |     |
|            | Math Tutor Determining Equilibrium Constants          | 626 |
|            | Standardized Test Prep                                | 627 |
|            | <b>Experiment</b> Measuring $K_a$ for Acetic Acid     | 628 |
| CHAPTER 19 | Oxidation-Reduction Reactions                         | 630 |
|            | 1 Oxidation and Reduction                             | 631 |
|            | 2 Balancing Redox Equations                           | 637 |
|            | 3 Oxidizing and Reducing Agents                       | 642 |
|            | Chemistry in Action Photochromic Lenses               | 634 |
|            | Chemistry in Action Skunk-Spray Remedy                |     |
|            | Quick Lab Redox Reactions                             |     |
|            | Math Tutor Balancing Redox Equations                  | 650 |
|            | Standardized Test Prep                                | 651 |
|            | <b>Experiment</b> Reduction of Mn in $MnO_4^-$        | 652 |
| CHAPTER 20 | Electrochemistry                                      | 654 |
|            |   |     |
|            | 1 Introduction to Electrochemistry                    |     |
|            | 3 Electrolytic Cells                                  |     |
